

Initiation_Document – Girl Up Initiative Nigeria Project

Project Name:

Girls Empowerment & School Outreach Program – Girl Up Initiative Nigeria (2023)

Project Coordinator:

Farida Kikelomo Ajeigbe

Start Date:

March 2021

End Date:

November 2022

Project Objective:

To empower adolescent girls in under-resourced Nigerian communities through school-based outreach, health education, and hygiene product distribution, promoting confidence, self-worth, and knowledge of personal health and rights.

Project Scope:

- Deliver outreach programs to **10 secondary schools** across 3 communities.
- Reach at least **500 girls** aged 10–18.
- Distribute **hygiene kits** (pads, soap, underwear, and health leaflets).
- Conduct workshops on self-esteem, menstrual hygiene, and gender-based violence.
- Engage and manage a team of **15 volunteers** for procurement, logistics, facilitation, and reporting.

- Report impact metrics and feedback to stakeholders and donors.
-

Deliverables:

- Outreach Workshop Curriculum (printed handouts)
 - Hygiene Kits
 - Workshop Photos & Attendance Sheets
 - Volunteer Task Plan
 - Final Project Report to Donors
 - Risk Register
-

Key Stakeholders:

- Girl Up Initiative Nigeria
 - Partner Secondary Schools
 - Volunteer Team
 - Donors & Sponsors
 - School Administrators
 - Community Leaders
-

Success Criteria:

- Outreach completed in all targeted schools.
- At least 90% attendance rate from invited students.

- Distribution of hygiene kits to all participants.
 - Positive feedback from schools and students via post-outreach survey.
 - Final report submitted on time with documented impact and photos.
-

Constraints:

- Limited funding for transport and materials.
 - Variable school calendars and availability.
 - Volunteer availability during exam periods.
-

Assumptions:

- Schools will allow workshop time during the school day.
- Sufficient funding will be raised.
- Volunteers will fulfill assigned work packages.
